

A career that **CHANGES LIVES**

TRAINING THE FUTURE OF SONOGRAPHY

At CQUniversity, we have an unbreakable belief that quality education, training, and research should be available to everyone – regardless of background, location or life circumstances. We're looking for talented individuals to join our team of lecturers and academics, to share in this belief and help us train the future of the sonography and echocardiography industries.

WHY JOIN A UNIVERSITY?

With the demand for diagnostic imaging on the increase, there is shortage of qualified sonographers and echocardiographers to fill positions within Australia. At CQUniversity we are passionate about addressing this shortage and need you to join us in the endeavour of meeting the demand for highly trained, work-ready sonographers.

You will help us change lives whilst having the opportunity to give back to your industry. Cement your career as a true industry leader and professional and use your innovative teaching to make an impact in your field.

GREATER AUTONOMY AND FLEXIBILITY

Leave long work hours or shift work behind and enjoy a career which offers flexibility and greater work-life balance. Relish in the fact that you're able to dictate your own schedule around teaching, research, engagement and scholarship activities. You have the opportunity to work from home, the office or clinic. As long as you're achieving your set goals, your work environment may be flexible.

"It is rewarding being able to teach in a non-clinical environment without the time constraints of a patient list. As teachers, we are constantly challenged and stretched and are on a continued learning curve along with our students."

– **Michelle Fenech, Senior Lecturer, Medical Sonography.**

BE REWARDED

CQUniversity provides a supportive workplace environment with some of the best conditions in the industry.

6 WEEKS
ANNUAL LEAVE

5 DAYS
CARER'S LEAVE

26 WEEKS PAID
PARENTAL LEAVE

17% SUPERANNUATION
CONTRIBUTION

CULTURAL AND RELIGIOUS LEAVE

FLEXIBLE WORK ARRANGEMENTS

DOMESTIC VIOLENCE LEAVE

“This job provides a great deal of autonomy around how you do your work, but at the same time there is a lot of help from other staff and the university to teach the teacher how to do the job right.”
– **Ann Quinton, Associate Professor, Medical Sonography.**

BROADEN YOUR NETWORKS

Academia provides you with opportunities to work closely with other health-related disciplines allowing you to broaden your knowledge base and networks.

Your professional development is important to us, and you will be supported to attend industry conferences, events and other opportunities.

JOIN A POSITIVE WORKING CULTURE

The School of Health, Medical and Applied Science possesses a strong, close-knit team of passionate and dedicated staff. You will be joining a team where communication and mentoring is available to support you in all aspects of your teaching. Transitioning to academia has its challenges, however you will have access to support and mentors who will help bring out your best. You will be working with fellow discipline and industry experts and be learning something new and exciting every day.

“I really enjoy giving back to the profession at a student level and finding new ways to engage students in their learning. I think we do a great job in preparing our students for their working life.”
– **Paula Kinnane, Lecturer, Medical Sonography.**

BE WORLD-CLASS

CQUniversity is recognised within Australia and the world for our research, teaching outcomes and social innovation.

You will be part of an organisation ranked in the top two per cent of universities worldwide* and ranked five stars by The Good Universities Guide 2019 for our ratio of first-generation students, full-time employment, overall experience, social equity, starting salary and teaching quality.

Also known for our research, we've been recognised as conducting projects at, above or well above world standard in a 22 categories^.

BE ENGAGED

From community ties to global partnerships, CQUni staff are empowered to build connections that drive real change. This means our staff benefit from staying at the forefront of innovations in the tertiary education sector while also supporting the community.

We are proud to be Australia's first and only Changemaker Campus recognised by global social innovation group Ashoka U. Being part of the CQUni community gives you the opportunity to help change lives in all kinds of amazing ways. You will be encouraged to use your 7.25 hours of Engaged Service Leave each year to help give back to the community.
