

Position Title	Senior Lecturer/Associate Professor of Oral Surgery
Group/Portfolio	Griffith Health, School of Medicine and Dentistry
Classification	Senior Lecturer (Level C)/ Associate Professor (Level D)
Position Number	00056095
Reports To	Dean of Dentistry
Employment Type	Continuing

1.0 Position Purpose

The Senior Lecturer / Associate Professor of Oral Surgery is a member of the School of Medicine and Dentistry's academic team, and specifically will plan and lead specialist education at undergraduate and postgraduate levels, conduct research and under appropriate administrative duties.

The Senior Lecturer / Associate Professor of Oral Surgery will be a leading authority in their discipline and is expected to exercise a special responsibility in providing academic leadership and in fostering excellence in research, teaching, engagement and professional activities.

The Senior Lecturer / Associate Professor of Oral Surgery will support the Dean of Dentistry and the Head of School in implementing the School's strategy as it relates to learning and teaching and research, and will be expected to advance research-informed clinical education and research within the School.

A Senior Lecturer is expected to make significant contributions to the teaching effort of the Department/School and Academic Group and play a major role in scholarship, research and/or professional activities. A Senior Lecturer is expected to make independent and original contributions to research which have significant impact on the field of expertise.

An Associate Professor is expected to make a significant contribution to all activities of the Department/School and Academic Group and play a significant role within the profession/discipline. An Associate Professor will make substantial distinctive contributions to teaching, research and engagement within their discipline area. An Associate Professor will make major original and innovative contributions to the field of expertise which are recognised as outstanding nationally or internationally.

2.0 Eligibility Requirements

- Possession of a specialist dental qualification and PhD or equivalent qualification in an appropriate discipline.
- Current registration or eligibility for registration with the Australian Health Practitioner Regulation Agency (AHPRA).

3.0 Key Responsibilities

This position description incorporates the full scope of academic responsibilities for this level. Actual expected responsibilities are applied in accordance with individual work profiles and in consultation with the incumbent's Academic Supervisor.

- Foster an outstanding student experience and encourage active participation and engagement in learning and teaching across the spectrum of the University's undergraduate, postgraduate and professional program suite facilitating high quality, student-centred learning activities consistent with Griffith Graduates of the Future strategy.
- Continuously improve teaching practice through professional development and critical reflection informed by a range of evaluation approaches.
- Inform the quality, innovation, currency and evidence-base of teaching and learning through scholarly activities, commitments and outputs.
- Develop and implement evidence-based strategies that facilitate improved student retention, employability and successful outcomes for students.
- Foster innovation and a future-focused approach to support high quality learning and teaching outcomes for students evidenced by technology enhanced learning, problem oriented, authentic learning and assessment practices.
- Provide educational leadership to a discipline including responsibility for academic courses and programs.
- Contribute to the advancement of knowledge through a balanced research portfolio of high-quality outputs that demonstrate impact.
- Undertake high quality research that may have measurable impact on policy and practice in the wider community and attract and generate competitive research funding.
- Provide academic leadership ensuring consistently high-quality experiences and outcomes are achieved for higher degree research (HDR) candidates.
- Promote and enhance higher degree research programs and adopt strategies to encourage a pipeline of strong HDR students.
- Provide research leadership to the Department/School through collaboration with other staff and/or undertaking leadership of a research team.
- Promote and support a student-centred service culture and establishment of positive, respectful and supportive relationships between staff and students.
- Develop meaningful and impactful partnerships with the broader community, by actively engaging and collaborating with external stakeholders.
- Promote the performance and reputation of the Group through engaged scholarship and purposeful, impactful industry and community outreach activities.
- Contribute to the enhancement of the School/Department and Group's standing and reputation by promoting the educational and research activities with external communities.
- Promote and enhance student learning experiences through engagement with industry and broader community to develop work integrated learning opportunities and support employability initiatives.
- Support, ensure and maintain compliance with relevant legislation and University policies and procedures, including equity and health & safety and exhibit good practice in relation to same.
- Be a leading example of the principles and values embodied in the University's Code of Conduct, and behave, act and communicate at all times to reflect fairness, ethics and professionalism.

Level D - as above for Level C plus the following:

- Lead, develop and implement evidence-based strategies that facilitate improved student retention, employability and successful outcomes for students.
- Demonstrate leadership in innovation and a future-focused approach to support high quality learning and teaching outcomes for students evidenced by technology enhanced learning, problem oriented, authentic learning and assessment practices.
- Lead and contribute to developments in the discipline, school and group learning and teaching quality enhancement strategies.
- Lead and mentor academic staff to develop, implement and reflect on scholarly approaches to teaching and demonstrate a high level of quality learning and teaching in the Group.
- Provide educational leadership to the Department/School through making high level personal contributions to teaching at all levels including responsibility for academic courses and programs.
- Contribute to the advancement of knowledge through a diverse range of research contributions including producing high impact high quality research and scholarly work.
- Undertake high quality research of international standing that may have measurable impact on policy and practice for the wider community and attract and generate national competitive research funding.
- Provide mentoring and leadership by fostering the research of other groups and individuals within the Department/School, and inter-disciplinary collaboration across the University.
- Promote and lead the enhancement of student learning experiences through active engagement with industry and broader community to develop work integrated learning opportunities and support employability initiatives.

4.0 Key Capabilities

- Griffith University identifies the attributes of resilience, flexibility, creativity, digital literacy and entrepreneurship as critical to our graduates' success, in the rapidly changing future world of work. We have established a Griffith University Capability Development Framework to provide a common language of some of the non-technical organisation skills that will support our staff to thrive now and into the future. The Capability Development Framework will assist you to understand the current skill level of this position in the non-technical but critical skill domains that are increasingly important in a changing workplace context.

To read about some of the non-technical organisation skills for this position, please see the Leads Self section of our [Capability Development Framework](#).
